**GAME CHANGER & GAME CHANGER PRO SERIES**

## GAME CHANGER PRO SERIES

# Designed to Fit You!

Our Game Changer PRO Series toy hauler converts, conforms and configures to your activities, your toys and your lifestyle quickly and efficiently. Open up the rear area to accommodate your motorcycles, ATVs and even a full size vehicle. Or quickly transform that space into a large living area that you can configure with sofas, table, dinettes, and beds. It's entirely up to you and your plans. There's just one thing to consider: What do you want to do today?

Learn more at [ATCtrailers.com](http://ATCtrailers.com)

**BUILT TO LAST.** We're called The Aluminum Trailer Company for good reason. Our toy haulers are constructed with a fully integrated aluminum frame. Unlike most other toy haulers, there is no wood in our construction to rot and deteriorate over time. Its six-sided "welded box" has no fasteners to loosen over time and features a one-piece aluminum roof.

As a result, an ATC toy hauler is lighter and stronger than other conventionally built toy haulers. And because our Game Changer toy haulers are built to carry your heavy toys, we make them easy to clean. Just hose out the interior without any concern about rot or rust. In no time at all, you're ready to configure the interior specifically for your next adventure.

1. Bed slides up and out of the way, lowers when needed.
2. Configurable furniture is easily and quickly added to furniture track system, then fold up and out of the way to make room for vehicles.
3. Deck package turns ramp into a patio with hinged railings that fold up with rolling casters for storage against interior walls.
4. Extruded aluminum garage floor (no wood) with airline track tie-down system recessed in floor for securing vehicles.
5. Removable/movable partition wall separates living area and garage (available in 4528 only).
6. Bonded, frameless windows.
7. Goodyear® tires on premium aluminum wheels.
8. Torsion axles provide smoother ride than spring suspension.

### Game Changer PRO Series also includes:

- Interior/exterior colors of choice.
- 12v roof vents with remote and built-in profile rain guard.
- Two scene lights on curb side.
- Upgraded EPS wall insulation.
- Black exterior trim package.
- Composite wall panels (no wood).
- Composite flooring in bedroom, bathroom and hall with woven vinyl flooring.
- 50-amp service.
- Dimmable ceiling lights throughout.
- Residential solid surface countertops.

# Get Up and Go

The Game Changer gets you where you want to go with the toys you want. It offers the same high-quality, fully integrated aluminum construction as our PRO Series model, but in predetermined configurations with permanently mounted furniture.

Details and options at [ATCtrailers.com](http://ATCtrailers.com)

A more economical package, Game Changer has the same high-quality "bones" as our Game Changer PRO Series. The six-sided aluminum box is fully welded with no fasteners, and there's no wood in our construction that will rot or break down over time.

It's lighter and stronger than competitive toy haulers, it will last longer, and will hold its resale value better than anything on the market.

#### Other Game Changer features:

- Torsion axles for smooth ride
- Composite wall panels (no wood)
- 50-amp service
- Dimmable ceiling lights
- Solid surface countertops
- Easy clean; just hose out
- Mill finish trim
- Silver exterior
- Solid, one-piece aluminum roof
- Sturdy, low-angle ramp

Garage area fits full-size vehicle

Garage area converts to living area
