

## Now With More Standard Features

The new Raven Cargo Limited trailer is loaded with standard features to help you get down the road efficiently and securely.

### THE FEATURES YOU NEED MOST

We've assembled the features our customers want and need most in a cargo trailer and made them all standard on our new Raven Limited. As a result, it's easier for you to load cargo efficiently and securely while you're on the road.

Dependability and quality are also standard in our trailers, because our aluminum is pound-for-pound twice as strong as industry standard steel. It's also lighter, so your load is easier to tow with less wear and tear on your vehicle. With our BuildPro® modular fixed weld tables, the Raven Limited offers the highest quality and most structurally sound frame in the industry.

**Details and options at [AluminumTrailer.com](http://AluminumTrailer.com)**

### STANDARD ON ALL RAVEN LIMITED MODELS:

- 2 ft. slant wedge nose with taper-cut gravel guard.
- 16" OC floor, wall, and roof crossmembers.
- 3/8" engineered wood walls on all models.
